Help for Under-Eye Circles

■ Neutraderm, Inc., is introducing its new NeutralEyes Eye Complex, a product that reduces dark circles around the eyes. In addition, the product is also helpful in reducing puffiness, fine lines and wrinkles.

NeutralEyes Eye Complex is made from green tea, algae extract, ivy extract, vitamin C, vitamin K and willowherb extract, which is a natural skin soothing agent that has a proven anti-irritant against such factors as UV irritation.

For more information about this product, call the company toll-free at (877) 252-7546, or visit their Web site at www.neutraderm.com.
